

# AI-HT-T4-RFID

## Overview

AI-HT-T4-RFID is an Android rugged mobile computer. It features powerful processor, 8000mAh battery and superb UHF RFID capability. It can be equipped with Impinj E710 / R2000 linearly or circularly polarized antenna. That it can read tags in bulk from long distance enables it to be deployed in asset management, retail, warehousing, fleet management and etc.

## Specification

| Performance              |                                                                          |
|--------------------------|--------------------------------------------------------------------------|
| Android 11.0             |                                                                          |
| Operating System         | Android 11.0; Soti MobiControl, SafeUEM supported                        |
| CPU                      | MT6765V/CB eight-core                                                    |
| RAM+ROM                  | 3 GB + 32 GB / 4 GB + 64 GB (optional)                                   |
| Expansion                | Supports up to 128 GB Micro SD card                                      |
| Communication            |                                                                          |
| Android 11.0             |                                                                          |
| WLAN                     | IEEE802.11 a/b/g/n/ac, 2.4G/5G dual-band, internal antenna               |
| Bluetooth                | Bluetooth 5.0                                                            |
| GNSS                     | GPS/AGPS, GLONASS, BeiDou; internal antenna                              |
| WWAN                     | 2G: GSM850/GSM900/DCS1800/PCS1900                                        |
|                          | 3G: WCDMA: B1/B2/B4/B5/B8<br>CDMA2000 EVDO: BC0<br>TD-SCDMA: A/F         |
|                          | 4G: B1/B2/B3/B4/B5/B7/B8/B12/B17/B20/B28A/B28B/<br>B34/B38/B39/B40/B41   |
| Physical Characteristics |                                                                          |
| Dimensions               | 164.2 x 80.0 x 24.3 mm / 6.46 x 3.15 x 0.96 in.                          |
| Weight                   | 654 g / 23.07 oz.                                                        |
| Display                  | 5.2" IPS FHD 1920 x 1080                                                 |
| Touch Panel              | Corning Gorilla Glass, multi-touch panel, gloves and wet hands supported |
| Power                    | Li-ion, rechargeable, 8000 mAh                                           |
|                          | Standby: over 500 hours                                                  |
|                          | Continuous use: over 12 hours (depending on user environment)            |
| Expansion Slot           | Charging time: 3-4 hours (with standard adaptor and USB cable)           |
|                          | 1 slot for Nano SIM card, 1 slot for Nano SIM or TF card                 |
|                          | USB 2.0 Type-C, OTG, Type-C headphones supported                         |
| Interfaces               | Speaker, 2 microphones                                                   |
| Keypad                   | 4 front keys, 1 power key, 2 scan keys, 1 multifunctional key            |
| Sensors                  | Gravity sensor, light sensor, proximity sensor                           |

| User Environment     |                                                                                                           |
|----------------------|-----------------------------------------------------------------------------------------------------------|
| Operating Temp.      | -4 °F to 122 °F / -20 °C to 50 °C                                                                         |
| Storage Temp.        | -40 °F to 158 °F / -40 °C to 70 °C                                                                        |
| Humidity             | 5% RH - 95% RH non condensing                                                                             |
| Drop Specification   | Multiple 1.5 m / 4.9 ft. drops (at least 20 times) to the concrete across the operating temperature range |
| Tumble Specification | 1000 x 0.5 m / 1.64 ft. falls at room temperature                                                         |
| Sealing              | IP65 per IEC sealing specifications                                                                       |
| ESD                  | ±15 KV air discharge, ±6 KV conductive discharge                                                          |

| Developing Environment |                          |
|------------------------|--------------------------|
| SDK                    | Software Development Kit |
| Language               | Java                     |
| Tool                   | Eclipse / Android Studio |

| Data Collection   |                                                                                                                   |
|-------------------|-------------------------------------------------------------------------------------------------------------------|
| Camera            |                                                                                                                   |
| Camera            | 13 MP Autofocus with flash                                                                                        |
| RFID (Optional)   |                                                                                                                   |
| UHF               |                                                                                                                   |
| Engine            | CM710-1 module based on Impinj E710<br>CM2000-1 module based on Impinj Indy R2000                                 |
| Frequency         | 865-868 MHz / 920-925 MHz / 902-928 MHz                                                                           |
| Protocol          | EPC C1 GEN2 / ISO18000-6C                                                                                         |
| Antenna           | Circular polarization (4dBi), linear polarization(1.8dBi)                                                         |
| Power             | 1 W (30 dBm, +5 dBm to +30 dBm adjustable)                                                                        |
|                   | 2 W Optional (33 dBm, for Latin America, etc.)                                                                    |
| R/W range         | Up to 15 m (circular polarization, open outdoors, Impinj MR6 tag); up to 7 m (linear polarization, open outdoors) |
| Fastest Read Rate | 900+ tags/sec (circular polarization)                                                                             |

\* Ranges and rates depend on tags and environment

| Barcode Scanning (Optional) |                                                                                                                                                                                                             |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1D Linear Scanner           | Zebra: SE965; Honeywell: N4313                                                                                                                                                                              |
| 1D Symbolologies            | UPC/EAN, Code128, Code39, Code93, Code11, Interleaved 2 of 5, Discrete 2 of 5, Chinese 2 of 5, Codabar, MSI, RSS, etc.                                                                                      |
| 2D Imager Scanner           | Zebra: SE4710 / SE4750 / SE4750MR; Honeywell: N6603                                                                                                                                                         |
| 2D Symbolologies            | PDF417, MicroPDF417, Composite, RSS, TLC-39, Datamatrix, QR code, Micro QR code, Aztec, MaxiCode; Postal Codes: US PostNet, US Planet, UK Postal, Australian Postal, Japan Postal, Dutch Postal (KIX), etc. |

| NFC       |                                               |
|-----------|-----------------------------------------------|
| Frequency | 13.56 MHz                                     |
| Protocol  | ISO14443A/B, ISO15693, NFC-IP1, NFC-IP2, etc. |
| Chips     | M1 card (S50, S70), CPU card, NFC tags, etc.  |
| Range     | 2-4 cm                                        |

| Accessories |                             |
|-------------|-----------------------------|
| Standard    | AC Adaptor, USB Cable, etc. |
| Optional    | Cradle, Holster , etc.      |

\* For detailed specification, please check Accessory Guide.
